

PROJECTS FOR TEACHERS

Outdoor Project Facility Development

Northwoods Community Elementary School (NCES)

Harshaw School District, Rhinelander

Teacher: Tami Marten

Concept

Second graders develop a floor plan for the NCES Outdoor Project Facility Development (OPF) with Mr. Rudis.

Steps

1. Look at the building plans for the proposed OPF with Mr. Rudis.
2. Discuss possible projects and uses for the OPF.
3. Talk about agricultural buildings and designs with Mr. Rudis.
4. Visit the Rudis farm. (The trip was postponed until spring due to illness in Mr. Rudis's family.)
5. Interview Mr. Rudis about farming as a boy with his family.
6. Draw designs for the OPF floor plans.
7. Choose the best and most workable floor plan for NCES's OPF.
8. Build a scale model of the floor plan.
9. Present to NCES staff /Governing Council for approval

The project was scheduled for completion in late April to facilitate actual construction on the OPF in mid-May of 2006.
